Which would you rather have, DUI's and deaths or a nice, clean, sober driver shuttling our drunks around? Please go to Atlanta and ride it once, its free for your first trip anyway. I would much rather ride in a car someone takes care of and cleans regularly than a nasty, stinky yellow cab. Uber is cheaper too! The drivers are regulated. The cars receive constant scrutiny from management. Please bring Uber back to SC.

Thanks,
Mike Langston

I was born in South Carolina, love to come back and visit, I live in Houston, Tx and grew up in Dallas, Tx. both cities have Uber and it is great. My friends and I are in our mid 20's and we never have to worry about drinking and driving with Uber

UBER is a safe and effective mode of transportation. Much safer than driving with a cab at night when needed. We use it in Greenville for many reasons and I think you should allow them to operate.

To whom it may concern,

Please consider reversing your decision to block Uber. I have used Uber numerous times in Greenville and Charleston. The drivers are friendly and the cars are nice and clean. Alternatively, the cab service is not dependable, the cars are old and disgusting and so are the drivers for the most part. The interface with Uber is easy to use and I know exactly when to expect my ride. I'm 36 years old and won't even think of drinking and driving. Uber, again, allows me to enjoy the amazing food and wine these cities have to offer without worrying about getting home safe. I would argue that the free market needs to decide whether Uber is right for the consumer and not the government. Maybe you could send a few bucks out of the 1200.00 per tax payer that is spent on roads to a cab driver? Clearly it's not going to the roads!! Have a great weekend.

Best Regards,
Chris Arnold

Please stop regulating things that don't need regulating.. Is uber safe? Yes. Do they pay taxes? Yes. Please don't let the taxi lobby stop competition.
